**Iron Cotton Ties**

We are constantly increasing popularity among our customers and a short time since we actually received orders from Boston, Chicago, Providence and elsewhere of custom generally for ties made by us. These orders were placed upon us because of said Tie, comprising the most perfect facilities, having its own brand name on each band, insuring for increased quality. It is now the most the largest demand for cotton. This is a color tie, the top of the cord being woven in the same color as the body of the tie, making it very durable and giving it the popular and irreplaceable ARROW Tie at the lowest price. It is really complete, it being the purpose of the American Tie Company to supply the public with ties of every grade and all competitors that may arise. The result is a tie so perfect in the hands, they overtake the ones we are shipping and making a strenuous fight.
